CCF RESEARCH GRANT APPLICATION 2015 LETTER OF INTENT INSTRUCTIONS & FORM

The Children's Cardiomyopathy Foundation (CCF)'s Research Grant Program has a two-step application process. A letter of intent is required in advance of submitting a full grant application. The 2015 deadline for letters of intent is Friday, June 12 by 5:00 p.m. eastern standard time.

The following instructions are for investigators who are interested in being considered for CCF's Research Grant Program. Only investigators who have submitted a letter of intent and have been invited by CCF to submit a formal grant application will be considered for funding.

Letter of Intent Requirements

The letter of intent is designed to provide a general overview of the proposed research study with sufficient detail to allow for the evaluation of the scientific merit and feasibility of the study. Two pages (letter of intent form and research abstract) are required for submission and the remaining pages (biographical sketch and publication list) are optional.

The documents should be in the following format: single-sided, single-spaced, Calibri 12-point font, 1-inch margins all around and with page numbers at the bottom. The letter of intent should include the following:

1. **Letter of Intent Form (1 page)**
The provided cover sheet should be completed and signed.
2. **Research Abstract (1 page)**
The abstract should summarize the research project and describe what issue(s) the study addresses, the study's specific aims, relevant literature or prior research, how the study will be conducted and evaluated, and why the work is important to furthering knowledge about pediatric cardiomyopathy or improving the treatment of children with the disease.
3. **Supporting Documents**

Download
